$25,000 Is Voted To Improve Sonoma Grammar School

Sonoma Boy Writes Of Japanese Earthquake and Fire

BOND ELECTION CARRIED HERE LAST MONDAY

Voters Authorize Funds to Provide Extra Rooms and Accommodations For Growing Attendance.

By a vote of 179 to 69 the voters of the Sonoma Grammar School District carried the $25,000 bond election last Monday to make improvements at the Grammar School building including the addition of two large class rooms, a new heating and ventilating plant, an auditorium gallery and larger stage

The two-thirds majority vote was won by a narrow margin. Six votes less in favor of the project would have defeated it. The Supervisors will canvass the vote after which the District attorney will pass on the bonds and they will be sold to the highest bidder. Already their sale is assured if they are found to be marketable.

Meanwhile Architect Lutgens is preparing in detail the plans for the school improvements and when the plan is accepted by trustees Dresel, Wedekind and Thomson, bids will be called for. It is believed that the contract will be let early in 1924 and that during the summer vacation the contemplated additions to the building can be completed. Sonoma will then have one of the finest Grammar schools for its size in the state.

Building and Loan Co. For Local Development

What is declared to be the greatest forward step yet taken in the development of Sonoma building operations is being initiated wth the establishment of a local office of the Western Loan and Building Company of Salt Lake City.

The purpose of the local office is to bring into our section as much outside money as is needed for the construction of business buildings and residences. There is practically no limit to the amount of money available for local building operations it is said, and loans will be made on real estate first mortgages at interest rates to suit.

F. W. Dobbel will represent the Company locally and the co-operation he is receiving from the following citizens is making it possible to start building and loan activities here:

Mission Lumber Company, El Verano Lumber Company, Boyes Springs Lumber Company, Marcy & Peterson, R. E. Murphy, A. R. Dutil, J. Tate Charles LaTorres and L. S. Simmons.

The local board will be appointed and the office will be equipped to receive loan applications not later than October 20th.

HARRY LINDLEY WITH H. F. BATES STORE

Harry Lindley and family of Salt Lake City have come to Sonoma to make their home, Mr. Lindley having accepted a position with H. F. Bates the haberdasher. Mr. Lindley, who is a brother of city trustee Ed Lindley, is a young man of pleasant personality and is already well liked by customers of the store.

Plans For Beautifying The Plaza

City Trustees Intend to Call Election In Spring for Special Tax for This Purpose; Other City Business.

Sonoma's city trustees met Wednesday night in October session and gave voice to the most important plan yet conceived by the present Board for Sonoma's advancement—the plan of levying a special tax to raise money for the conversion of the present Plaza into a beautiful park and playground. While no formal move was made, it is admitted by the trustees that the Board is unanimous in its determination to set in motion the project of Plaza beautification.

It is planned to submit the matter of a special tax to the voters next spring. A 15 cent tax which is suggested would on the present valuation raise approximately $10,000 for park purposes.

Miscellaneous business transacted Wednesday night was as follows:

The Clerk was instructed to get the necessary blanks to put into effect the new firearms law.

The Marshal was instructed to order property owners south of town to clean drain ditches to prevent overflow of water in winter time.

Property owners on First Street East, including S. Shocken, to put in sidewalks. Mr. Shocken is said to have already let the contract.

Trustee Lindley asked for $500 for playground purposes, agreeing to match the sum with $500, donated by the public for that purpose.

City Trustee Clewe was instructed by the City Attorney as to the new law governing municipal deposits.

City Engineer Specht was asked to establish a grade for the F. Picetti property east of town.

Visitors From New Orleans

Mrs. E. Quinlan and Mrs. Urban of New Orleans have been guests of Mrs. Eliza Shepard of Glen Ellen, chairman of the American Legion Women's Auxiliary of California.

Their visit to California is being made particularly interesting by Mrs. Shepard and her hospitality at the Jack London ranch.

CARNIVAL BALL TONIGHT

The Autumn Carnival Ball to be held at Coney Island pavilion tonight will feature the famous Krausgrill orchestra of which James Fallon is a member. Fallon is a college student and brother of Sonoma's popular school teacher, Miss Pearl Fallon.

Parent-Teachers Association and Church Protest School Boys Participating In Bouts.

The boxing contests which began at Coney Island pavillion last week have stirred up a storm of protest from the Parent-Teachers Association and Congregational Church who protest not only the staging of fistic contests in Sonoma Valley but particularly the participation of High School boys in the events. A part time student named Keiser and another lad named Gear, boxing under the name "Kid Russell", were on the card at the athletic club's exhibition. It is claimed that their interest in the contest upset the entire school morale and that "mob psychology" as Professor Golton terms it, swayed the students to such a degree that both boys and girls discussed nothing but boxing prowess on the school grounds several days prior to the events in which the two students participated.

The attention of the Parent—Teachers Association was directed to the fact and at the regular meeting of the organization Friday night of last week the association went on record as being decidedly opposed to the continuance of the sport here and the participation of school boys in any events staged by the local athletic club. It was pointed out that it interfered with school athletics and that at least one boy, a promising athlete, had forfeited his right to participate in amateur school League contests by having boxed under an assumed name with contenders at Coney Island.

Following the Parent—Teachers indignation meeting, there was a conference at the Congregational church at which Prof. Golton, Rev. Cookman and others spoke. Golton defended boxing, but said the participation and interest of students in professional boxing upset the morale of the school and that from the stand-point of the community, it's desirability was a matter of question.

Opposition to the continuance of contests at Coney Island has now reached the point where the Supervisors are being importuned to pass an ordinance governing all territory outside of incorpo ated towns and prohibiting there the holding of any boxing contests or prize fights. Several other places in Sonoma County including Petaluma, where a big athletic club holds weekly events and Santa Rosa, where the American Legion fosters the sport, would be effected should such an ordinance be enacted.

UNDERWRITERS ARE PAYING OBLIGATION

The following underwriters of the Sonoma Mission Centennial have paid on the $10,000 deficit which followed the recent Mission Play and celebration. Other underwriters are requested to meet the obligation and will be visited by some of the general commit tee during the next ten days. Those having paid so far are as follows:

$300—Native Sons Parlor.

$250—Gottenberg Brothers, Business Men's Association, F. Clewe.

$200—Young Men's Institute, Muller & Downey, Woodmen of the World

$100—R. C. Bancroft, N. J. Heggie, P. Boccoli, Sr., J. Steiner, Mrs. H. Appleton, L. H. Green, Charles LaTorres, L. S. Simmons, H. W. Gottenberg, W. B. Hays, F. W. Dobbel, Mrs. C J. Lowell, W. L. Murphy, Joseph Keechler, P. Lembeye, A. R. Dutil, E. T. Lindley, Fred Lowell, Frank F. Wedekind, E. Coates, F. Nichelini, L. P. Kearney, L. Lamotte, J. W. Minges, W. B Bundschu, G. Sorini, Mission Garage, J. Walton, S. A. Robinson, A W Adler, Marcy & Peterson, T. H. Corcoran, Maffei Brothers.

$50 O. R. Wagner.

The following men comprise the general committee:

W. F. Clewe, chairman; Charles La Torres, Frank H. Muller, Frank M. Burris, Fred Batto, T. G. Hollabaugh, George H. Cassidy, L. H. Green, J. W. Minges and J. F. Prestwood.

SONOMA FARM CENTER

On Thursday evening, Oct. 11th, at the Woman's Club House, the Sonoma Farm Center meets. Fruit Budding, Preservatives for Poultry Manure and Manicuring of Eggs will be topics of discussion.

PREPARE FOR SEALS AT BOYES SPRINGS

In preparation for the coming of the famous baseball aggregation, the San Francisco Seals, who will establish their training camp at Boyes Springs again next season, work has started on the new ball park. A grass green diamond is to be laid out and bleachers erected, the new site of the ball park being the beautiful golf links near Sonoma Vista.

Denny Carroll, trainer, Pete Compton and Jimmy O'Connell, $75,000 star will all be here and have wired for cottages for the season.

The training squad will be quartered at the golf club house and in temporary quarters adjacent thereto.

Dave Eraldi Opens A New Store Here

Dave Eraldi, for the past eighgt years with H. F. Bates, has resigned his job to go into business for himself. Dave will open The Toggery, a new gent's furnishing store in the Castex Building the coming week. The store will be temporary quarters for the progressive young business man, who later on is to occupy a new store in the Sebastiani Block.

Dave Eraldi began his business career with S. Shocken as a clerk and later was associated wwith the Baer Brothers in San Francisco,. He intends to give Sonoma an up to date store with attractive stock and a policy which should win him his share of the Sonoma Valley trade. See ad.

Mrs. Heinke of Riverside Drive, El Verano entertained a few friends most hospitably on Friday of last week, complimentary to her sister, Mrs. Nobel, who is here from her home in Norway.

Critics of the Athletic Club Replied To

Secretary of Sonoma Valley Athletic Club Answers Criticism Concerning Local Boxing.

Editor Index-Tribune.

Dear Sir:—

I find it my duty to answer Professor Golton's letter in Thursday's paper and in passing will answer the editorial in the Expositor, apparently written by an amateur who s not at all versed in the boxing game or the state laws, or writing about either. There is no state law, nor has there ever been, which prohibits 18 year old boys from witnessing or participating in boxing contests such as were conducted on Friday night of last week at Coney Island.

Professor Golton's questions, I will answer in rotation. The promoters can and will keep gambling and intoxication from the audience. My three years in business in Sonoma shows my attitude and good faith.

The gloves used in these contests are of the weight required by law, as is the ring padding, reducing the chance of injury far below that of basketball.

The boxers will be chosen from Sonoma Valley generally, but when outside boys are used, they must be amateurs that are permitted to box by state laws governing the same. You may rest assured that the bad element will not be allowed here.

The boxing contests will not kill public interest in any other clean sport. Statistics prove that.

High school boys will not be permitted to participate in future contests. The pair that met in the opening contest met for reasons of their own, and had it not been for the boxing show, would have met in a back lot. Kid Russell boxes in San Francisco, San Mateo and other places with the consent of his parents. There were no other high school boys billed, as the cards will show, so the added comment regarding this question was unnecessary.

Regarding students' aims and ideals I will say this: Nearly all universities, colleges and some high schools have a boxing instructor on their athletic staff. During the late war, the United States Army and Navy regarded boxing as the best form of athletics and I will state, incidentally, that I was the enlisted boxing instructor for Camp Grant, Illinois.

Respectfully,

HARRY FINE, Secretary,
Sonoma Valley Athletic Club.

Mrs. Poulsen's Home Is Swept By Flames

The home of Mrs. M. Poulsen on Napa street, near the Cash and Carry meat market, was swept by fire on Saturday of list week. Smoke was seen coming from the premises at 4 o'clock in the afternoon and investigation revealed the house afire on the inside. The Sonoma fire department was prompt to respond to the alarm and after prompt action with the engine from which several streams of water played, the fire was extinguished

FULLER ROCHAT TELLS GRAPHIC STORY OF GREAT CATASTROPHE

Assists Japanese Military Authorities In Rescue Work In Stricken Cities Of Yokahama and Tokio.

Fuller Rochat, son of Mrs. Rochat of Boyes Springs, who is in the United States Navy and at present in Japanese waters, has written the following wonderful letter to his mother, telling of the horrors which followed the earthquake and fire in Japan:

On board U. S. S. Barker,
Yokahama, Japan,
Sept. 4, 1923

Dearest Mother and Folks:—

I suppose by now that you have all read of the most frightful calamity of its kind in the history of the world. It is horrible beyond description and the loss of life enormous.

Our ship and the Tracy, Borie, Edwards, Whipple, and Smith-Thompson, all destroyers of the 38th division, with the Huron and the Blackhawk, were in Dairen, Manchuria, at the time of the earthquake here.

The earthquake happened at noon on Saturday, Sept. 1st, and we raced over here at full speed to the rescue and arrived on Sept. 3rd shortly after 2 p. m. Yokahama and Tokio were still a burning furnace and the screams of the dying and injured were frightful. A long time before we entered the harbor we could see two distinct masses of heavy smoke, one from Yokahama and the other from Tokio.

What a sight we saw when we went ashore! I'll never forget it as long as I live. Thousands of dead about the streets and under the fallen buildings and houses. The "shake" lasted for four minutes of the most violent shaking in the world's records. At first it was a side to side movement, then the last two minutes was up and down, and everything just came down wiwth one frightful ear-splitting crash. The estimated dead thus far for Tokio and Yokahama is 200,000 souls. Now compare that appalling figure to our San Francisco disaster and one might begin to realize what a horrible calamity this is.

We are co-operating with the army and navy of Japan. Our Admiral Anderson on the Huron has visited the American ambassador in Tokio and made arrangements to supply food and medical supplies to the Japanese public, both here at Yokahama and Tokio.

All the railroads within 50 miles of here are gone. All lights are out. All telegraphic communication is gone, with the exception of one or two wireless stations. The harbor here is a sickly sight—hundreds of dead bodies floating about and all sorts of wreckage. We are busy picking up the dead in our small boats. They are beginning to smell awful, and my meals are quite short and not extra enjoyable these days. It seems that thousands ran down to the waterfront to seek safety on tugs, small boats, lighters, etc., but the fire overtook them and forced them to jump into the bay to save themselves.

Mrs. A. Block, who has spent a pleasant time with Sonoma Valley relatives, left for her Los Angeles home Wednesday. The Blocks formerly resided at El Verano and old time neighbors were welcoming Mrs. Block during her stay here. The rest of the family are all doing well in the southern city and wish to be remembered to Valley of the Moon friends.

Milton Peterson is in the Sacramento Valley, on a pleasure trip, and is making the tour via the bike route.

The Sonoma Vista fire ruins have been cleared and are now ready for rebuliding and also a regular club house is soon to be erected by the Sonoma Vista Improvement Club.

Ed Thierkoff, prominent Glen Ellen man, was in town Sunday, sporting his new red wwheeled Chevrolet. The car and its color were being admired and all were glad to see Ed, who is one of the old day veterans of the Valley of the Moon.

Bob Patterson, hop buyer of Santa Rosa, was transacting business in El Verano Saturday.

Frank Kenny, retired fire department captain, is at his home on Riverside Drive, taking the Sonoma Valley air and enjoying a much needed rest.

George Baines, proprietor of the Pioneer Garage, was a business visitor to Santa Rosa Monday.

L. P. Kearney of the El Verano Lumber Yard and the Sonoma Valley Lumber Company, filed suit last week at Santa Rosa against W. Baron, of the Coney Island Amusement Park and Harry S. Smith, trustee. He seeks to recover $1,938.13, due the El Verano Lumber Yard and $104.15, due the Sonoma Valley Lumber Company. The plaintiff asks the court to award him judgment for $2,042.28 and costs, and to give his claim precedent over all others in the estate of the bankrupt. H. W. A. Weske represents plaintiff.

Joe Sutter, Joe Millitello, and J. Sutter, Jr., have left for the rice fields in the Sacramento Valley where they will harvest the large crop.

Louis Parente and Pete Zappas were business visitors in Santa Rosa on Monday.

Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.

FUND GROWS FOR CHIEF W. B. CAUSE

The fund for Fire Chief Cause continues to grow and was considerably augmented by $355.05, the amount netted at the big benefit dance at Coney Island Pavilion. Mrs. Garry Bartoli, financial chairman, turned the money over to the Chief with an itemized statement showing what had been realized from tickets, refreshments, donations, the picture, check room, etc. Louis Parente gave $100.

Chief Cause feels deeply grateful to everyone who has donated to his fund and particularly to outside property owners and friends of whom many have not only sent money, but beautiful letters of praise and commendation.

All who are desirous of helping Chief Cause to make the trip to the International Fire Chiefs' Convention at Richmond, Va., this month should respond by Oct. 15th, as he will leave for the Eastern trip shortly after that date.

Fred Partridge of El Verano and San Francisco, is to present him with a handsome gold badge to take the place of the one burned up in the fire. The Chief's friends will give him a big ovation and wish him God-speed on his journey. They think the convention will be a wonderful experience and the trip a deserved reward for years of good service to every property owner and resident of the Valley of the Moon.

The following additional subscriptions have been turned in to the Index-Tribune and deposited in the fund for the Chief at a local bank:

Sonoma Index-Tribune,

Sonoma, Calif.

Mr. W. L. Murphy:—

Just a few lines to let you know I am handing in my resignation as driver and captain of the Boyes Springs and Valley Volunteer Fire Department, as I have left the Valley of the Moon.

I wish you would send me your paper every Saturday, and I will remit subscription price in a few days, as the fire cleaned me of almost all my belongings, and I have had to buy a new supply of clothing. But you can't keep a good man down!

Tell everybody that I am in the pink of condition. There's a number of people I would like to have said "so-long" to, but I left in a hurry and so had no opportunity.

Kindest regards to all.

San Diego, Sept. 28, 1923.

Dear Friends:—

We were greatly shocked to hear of the fire that destroyed Boyes Springs. We can't tell you how sorry we feel for all who lost their homes and also the loss of Boyes Springs Hotel and the dance hall, where we played so many seasons. However, we were glad to hear there was no loss of life and sincerely hope they will rebuild Boyes soon and all be running as usual.

Regards to all.

PAPER FIRM ESTABLISHES BRANCH IN SANTA ROSA

Local business men will be interested in the announcement that is being made today by Blake, Moffitt & Towne, paper merchants of San Francisco, of the opening of a distributing branch in Santa Rosa.

Blake, Moffitt & Towne is the oldest paper jobbing house on the Pacific Coast, and wwas one of the pioneer jobbing concerns in San Francisco, having been founded in 1855.

An official of the company, who spent last week in Santa Rosa in connection with the opening of the new branch, made the statement that his firm had long been interested in the more intensive development of business in this territory,

PRETTY FORMER SONOMA GIRL TO MARRY

Miss Lisette Johnson, attractive daughter of Mrs. Molly Johnson of Crockett and former Sonoma resident was married in Martinez on September 22nd to James C. Hendricks.

Miss Johnson while living here was a popular member of the young set. Her mother moved to Crockett about two years ago. She was a prominent member of the Rebekah lodge and the family was a pioneer one of Sonoma Valley. The bride's brother is well known in maritime circles.

CARD OF THANKS

We want to express deep gratitude and appreciation for the kindness and consideration shown us by our friends following the fire which burned our home at Boyes Springs.

Mr. and Mrs. B. Cabanot.

Mrs. Roy Poole (Isabelle Trudgen) came up from San Bernardino this week and is visiting her folks here. She will remain in the North for two weeks.

Mr. and Mrs. J. Keiser, accompanied by Mrs. Alma Koeboom, have returned from an enjoyable auto trip to Sonora, where they visited with relatives and friends.

BLAKE, MOFFITT & TOWNE PAPER

ANNOUNCING THE OPENING OF OUR NEW BRANCH OFFICE AT SANTA ROSA·CALIFORNIA

REALIZING that the several counties north of the San Francisco Bay district are fast coming into their own industrially and commercially, as well as agriculturally, we have decided, after careful study, that the best interests of our many customers in this territory can be served through a direct branch of our establishment, which has just been opened at Santa Rosa.

Not only is it our purpose, in establishing this branch, to insure better service, through carrying on hand adequate stocks of wrapping paper, bags, twines, etc., for immediate delivery, but we feel that the future development of this entire section warrants the business aid and support of the oldest jobbing house serving Pacific Coast paper buyers.

It is our earnest desire to co-operate with local business through better service and closer personal relationship and to contribute, to some extent, as well as to participate in the growth and prosperity of this section.

Our New Branch is situated at

FIRE TRAIL TO BE BUILT AT SONOMA STATE HOME

A fire break 100 feet wide and approximately seven miles long, built at the Mendocino State Hospital about a year ago by inmates of the institution, probably was the means of saving a serious loss of public property during the past few weeks.

At least the efficacy of the fire trail has been established to the satisfaction of Dr. Donald R. Smith, the medical superintendent of the hospital, who has just filed a report with Edward G. Twogood, director of institutions, explaining that although there have been fires on both sides of the fire break recently, neither blaze crossed the trail.

The trail was constructed in accordance with plans prepared by the State Board of Forestry, and is designed to protect both the hospital buildings and the watershed from which the institution draws its water supply.

In commenting upon Dr. Smith's report, Twogood said that he planned to have similar fire breaks constructed for the purpose of protecting the Sonoma State Home and other institutions similarly situated in wooded country.

LOUIS KUNDE ESTATE IS VALUED AT $443,708

The estate of Louis Kunde of Kenwood, who was killed in au accident while visiting in Germany a few years ago, has been appraised at $443,708.60, according to the inventory filed in the superior court by Donald Geary, Mr. Jabez and Benjamin Behler.

The estate consists of 14 pieces of realty in Sonoma county and San Francisco valued at $385,370 and personal property, including 154,000 gallons of wine appraised at 15 cents a gallon, or a total of $23,100. H. W. A. Weske represents the estate.

COUNTY SUPERINTENDENT LOUISE CLARK GOES SOUTH

(From Santa Rosa Press Democrat)

Miss Louise Clark, county superintendent and Miss Ethel McAuliffe, her assistant left this week for southern California, where they will spend several weeks.

The two will return to northern California after the superintendents' convention and attend the sessions of the teachers' institute in Oakland. Following the institute they will return to Santa Rosa.

Miss Clark has purchased a new bungalow in Santa Rosa, where she plans to make her permanent home.

The new fire house is a credit to Boyes Springs. A. J. Martinson donated the labor for the electrical work in the building. Mr. Martinson wired and hired, says Chief Cause, for he paid for labor besides furnishing his own.

SONOMA BOY WRITES OF JAPANESE EARTHQUAKE

(Continued from Page One)

Some swam out to boats but others less fortunate were drowned.

We went up the coast about 35 miles to a small town and picked up about 40 Americans who were stranded there. All the small cities and towns are wiped out. They were very glad to be rescued and we gave them clothes and food and brought them down to Yokahama to live on the S. S. Empress of Australia until the arrival of the President Pierce, which will take them to the States. We expect her in on Sept. 8th and I will send this letter to you on her.

The harbor is just crowded with ships of every nation and description. They, of course, are all anchored out in the bay, as the docks are all gone. The breakwater has entirely vanished from sight.

The fire here, unlike the fire in San Francisco, started in every quarter at once, thus making it impossible to fight it, as the water mains were out of commission. Hundreds of fires started at once and a terrible wind was blowing at the time, which, of course, spread the flames very rapidly. Many thousands of people were entrapped in the wreckage, but not seriously injured, and it was their fate to be burned alive. We did our best to save them, but we could not get them all.

Quite a few shakes are still felt ashore and this afternoon we experienced a big one. It is said these shakes are caused by the settling of the earth after the big earthquake of last Saturday.

When the Japanese military took charge of affairs they put both Tokio and Yokahama under martial law. They have a wonderful engineering corps and thousands of soldiers are rebuilding railroads, bridges, telegraph lines, etc. They are working like beavers and have already done wonders to get things the least bit near normal.

The authorities decided to burn the dead except when anyone of the persons killed were identified by their own family. So we are taking the dead down to the park where we used to play base ball with the Japs, pouring oil over them and burning the remains. At first, it was sickening to me, but now I have become quite accustomed to it, and don't mind it so much. Many of the dead women are wearing beautiful rings. We cut them off their fingers and return them to a military committee who in turn deliver them to Tokio for safekeeping. I understand the government is saving anything of value. Many of the bodies have either no legs or arms, and we found many which were also headless.

The American consul here was killed and many who were not burned were crushed or smothered to death.

In a day or two, I think, we will go up to Tokio to deliver supplies. Tokio was not entirely wiped out—a few of the larger buildings are yet standing, but most of the city is gone.

But here, the city of Yokahama is destroyed entirely, not a building or house left to tell the sad tale. She is wiped clean off the face of the earth and with it went thousands of people who, three days ago, were a happy, prosperous community.

I will close now, but will write you of new doings as soon as possible. I am well and working hard with our sailor boys, doing rescue work.

Your loving son,

FULLER ROCHAT.

A Better Oil
Even if it does cost less

It isn't what you pay but what you get in lubrication that counts. Thousands of laboratory and road tests have proved that Zerolene oils and greases reduce friction and wear to a greater extent than any other motor lubricants we have seen and tested or been able to produce.

Zerolene oils form on an average 30% less carbon than other motor oils. They form less carbon than any other motor oils known to us.

And because Zerolene gives better lubrication continuously, the Zerolene-lubricated automobile averages 5% more mileage from the gasoline consumed.

Insist on Zerolene even if it does cost less.

MUCH INTEREST IN FIRE SUFFERERS RELIEF

People of Sonoma Valley who lost their homes and belongings in the recent fire praise the deep interest now shown in their welfare by those more fortunate. Individuals and organizations, including the Red Cross, Sonoma Valley Woman's Club, Congregational church and State Home have been active to ascertain needs and extend help.

The Red Cross, led by Mrs. Carrie Burlingame, made a personal tour of inspection throughout the fire district, proffering help. Many worthy cases were aided practically and substantially and Chairman Prestwood states that fire sufferers were assured that more help would be forthcoming, if needed, later on.

Through the interest of Mrs. M. Schweitzer, the San Francisco Red Cross had its attention directed to Sonoma Valley's predicament following the fire and divisional financial assistance was proffered through Santa Rosa, should local conditions demand more than the branch treasury here could take care of. The local committee states, however, that ample funds are on hand to relieve cases in its territory and that everyone who needs help is getting it. Should anyone have been overlooked or through false pride have concealed their distress, such are urged to communicate with the Index-Tribune, who will report to the Red Cross or other agencies of relief.

The Woman's Club made independent investigations and had several deserved cases called to its attention. They have, through a special committee, distributed over $200, proceeds of the benefit card party and donations which include a substantial gift of $150 from Howard Spreckels of San Francisco. Mr. Spreckels sent the following nice letter to Secretary Burlingame of the Woman's Club:

"Carrie A. Burlingame, Secy.,
"Sonoma Valley Woman's Club,
"Dear Madam:—

"I have your letter of September 26 and am glad to learn of the good work your Club is doing in helping those who suffered during the recent fire.

"I have had several sad cases brought to my attention and feel I can help the greatest number through your organization. I am, therefore, enclosing a check for $150.00 and ask that you kindly distribute this amount to those who in your judgment are worthy cases.

"Later, I would appreciate an accounting of this distribution, so that I might know of the particular cases helped.

"I am very happy to be able to be of some financial help through your organization and hope that in addition you will express for me my deepest sympathy and good wishes for the future to those who have lost their homes in our wonderful valley.

"HOWARD SRPECKELS."

"SEPTEMBER MORN" LED TO BOOZE DISCOVERY

A scantily clad woman whom passersby designated as a regular "September Morn" led to indignant protest against a resort conducted by one John Burns at Caliente where the lady was summering. Deputy Sheriff Ryan admonished the offender that it was bad form so not to dress and incidentally discovered two bottles of liquor on the premises. The proprietor of the place was arrested and given the alternative of paying $250, going to jail or closing the place. The woman was ordered to move on.

FORMER ACTRESS ESCAPES LOSS IN BOYES FIRE

Mrs. Dudley Ayers, better known as Isabelle Fletcher the actress, who was to have opened up a ladies toggery at Boyes Springs, had not yet moved her stock in at the time of the fire, so escaped a big loss. The store was ready and would have been open a few days later.

Isabell Fletcher is a talented former member of Ye Liberty theatre stock company in Oakland. In Madam Sans Gene, The Bishop's Carriage and other roles she was superb. She is said to be seeking a divorce from her husband, Dudley Ayers the actor.

A NEW LAW FIRM

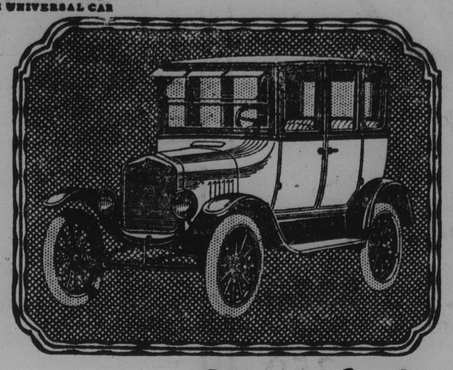
Ford
THE UNIVERSAL CAR



New Sedan

Changes featured in the new Ford Sedan make it a better looking, roomier car.

A higher radiator with a trim apron at its base lends dignity befitting a closed car. The higher hood and enlarged cowl curving gracefully to the dash give a stylish sweep to its body lines, and afford additional leg room for occupants of the front seat.

All body fittings—window regulators, door grips, door latch levers, door lock, dome light—are finished in nickel. The upholstery carries a fine dark line on a soft brown background that does not easily show dust or dirt. Silk window curtains to harmonize for the three rear windows enhance the style of the car and add to the comfort of its passengers. See the new Sedan and other new Ford body styles at our showroom.

These cars can be obtained through the Ford Weekly Purchase Plan.

EL VERANO NEWS

(Continued from Page Two)

with a rifle and blazed away at the birds far up in the air with his forefathers', old shotgun. Dave Forni wounded a Mallard, but the bird escaped, and our huntsman is bemoaning the loss of the green-headed beauty. He threatens to go back with his bird dog and find the bird. Another of our hunters shot several divers which he thought were ducks and was not aware of his mistake until he returned to El Verano. There were lots of birds and lots of hunters, many returning home with their hunting bags empty.

A family reunion was held on Sept. 27th at the spacious home of Mrs. James Baines in El Verano in honor of Mrs. P. J. Flannigan of Ottowa, Canada, and Mrs. Louise Aylmer of Santa Cruz, who have not visited here in six years. Old time songs were enjoyed and also lively games and musical numbers, until thegong sounded for refreshments, to wwhich all did justice. Mrs. Flannigan is a sister of the Baines boys and Mrs. Aylmer a cousin. Childhood days were brought back to mind and each cne had a tale of their own to tell, some of which were very interesting, and all remained until the small hours of the morning.

Youth must be served. The old battler and warrior of former days, Charlie Miller, at one time a candidate for heavyweight championship honors, met his master on Friday evening of last week at Baron's Pavilion. Miller, on entering the ring, was fat, and in no condition to fight, while Jack Wills, the black panther, looked as though he had just stepped from the cage. The opening round found the old veteran rushing things, trying feebly to mix with the coon, who was as slippery as an eel. Miller's judge of distance was bad, and the black man was not there when Charlie led. George Cavaglia, who was chief second for Wills, played a big part in coaching the darkey to victory. Friday night's bout, in which Miller lost the decision to Wills, who had recently been knocked out in San Francisco by Tommie Gardner, a fourth rater, shows that Old Charlie is through as a fighter and should resign. Sam Keiser and his opponent was the curtain raiser. They went four rounds, Keiser, who was awkward, losing. The way he moved around the ring seemed to indicate he had lead in his shoes. He was the first to enter the ring and the first to leave. Announcer Smith, silvery-tongued orator, introduced the boxers, while the referee was Joe Fields, formerly a professional boxer, who did his stuff well. Miller seemed disappointed with the night's showing, exclaiming, like the great John L. Sullivan, he should have drawn the color line. The other bouts were all good and a large crowd of both local and out of town sports were at the match.

SONOMA VALLEY IMPROVEMENT CLUB NOTES

The Sonoma Valley Improvement Club had a fine overflow meeting on Tuesday. Among other matters discussed was one presented by W. F. White who advised of a movement to have an ordinance passed by the Supervisors making it compulsory on all property owners to clean up their lots and sidewalks. A failure to comply with this ordinance would give the Supervisors the right to order the work done and assess the property.

The subject was immediately taken up and resolutions were passed placing the Club on record as giving the promoters their unqualified support. "A burned child fears the fire."

It is a difficult thing to say the proper thing to the many who suffered from the recent conflagration, but to all we, as a club, extend our heartfelt sympathy and trust that the measures discussed will be adopted and a proper organization perfected to the end that a recurrence of this misfortune will at least be reduced to a minimum.

It was decided to inaugurate a Saturday night dance beginning Saturday Oct. 13th, admission 25c. If this is a success the dances will be continued during the winter.

Fred Ryus dropped into see us the other day from Colorado. It is whispered he brought with him a brand new bride. Fred will be remembered as the engineer who mapped this lighting district.

Club Reporter.

GOLDEN GATE FERRY AS A TRANSPORTATION MEDIUM

A convincing argument that modern transportation must keep pace with modern business demands wwas given last week by the Golden Gate Ferry Company in transporting a lot of enormously heavy excavating machinery for a big contracting firm in San Francisco. The company had a contract in Marin county and to have shipped its heavy excavating machinery by rail or special steamer would have involved considerable time and expense. The Golden Gate Ferry Company undertook the transfer of the machinery and moved it across to Marin county without loss of time and at reasonable expense to the shipper. This shows the great need of this character of transportation facilities connecting San Francisco, the greatest city of the Pacific Coast, and that enormously rich country lying to the north.

HIGH PRICED EGGS FOR HATCHING

William J. Otten of the High Record Poultry Ranch, has just sent to the D. Tancred Farms, of Kent, Wash., for the following for March delivery:

Five hundred special pen eggs at $25 per 100. Dams 216-250. Sires. 250 and over.

One hundred Royal mating eggs at $10 per setting of 15 eggs. Records, dams 251-285. Sires 270-296 eggs. All have a fine pedigree of high record layers back of them for 18 years.

This means there will be some fine stock for poultrymen of this valley to select from to build up their own flocks in the future.

SLAYER GOES TO ASYLUM

Orland Wedgewood, son of Mr. and Mrs. John Wedgewood, who shot and killed his brother, Glen Wedgewood in Rincon Valley a short time ago, was committed to the Napa State Hospital as insane Monday by Judge Campbebll, following an examination by Dr. J. W. Jesse and Dr. S. S. Bogle.

The Ladies' Aid of the Congregational church will meet at the Hays home Tuesday, Mrs. W. B. Hays and Mrs. M. Bates being the hostesses.

At Your Service

This company cherishes the good will of its customers and the public.

Such good will is fostered by a general understanding of the company's problems and of its relations with the public.

Your principal points of contact with the company are the service you get and the rates you pay.

What the public wants in the way of electric power service is plenty of current, served without interruption, at the lowest rates *consistent with good service*.

California leads the world in hydro-electric service. California has more water power developed than either New York or Ontario in spite of the fact that California has no Niagara Falls.

This state produces more than twenty per cent of all the hydro-electric energy produced in the United States. There is about one horse power of developed electric energy in California for each three persons of the population. Directly or indirectly we all get the benefit of this power. Each horse power can do the work of ten men in one eight hour shift.

California has more residence lighting consumers than New York which has about three times the population. California has a much greater percentage of residences lighted by electricity than any other state.

This is due to natural advantages coupled with efficient management under the California system of utilities strictly regulated with respect to rates, financing and service by the public through its Railroad Commission.

California enjoys the best service and the lower rates. That is why California has become a great industrial state. That is one reason why life in the city and on the farm has become so much more comfortable in California.
